Personal Preparedness.
A brisk, bright, sunny morning, with the wind west; the fairest sort of fair weather and with every prospect of its continuing, and yet here in the subway, going downtown in the morning, were many men and women carrying raincoats, goloshes and umbrellas. And what did that mean? It was really very simple.

These were all downtown workers who keep in their various places of employment a complete rain equipment for use in case of emergency. It had rained the night before, and they had worn these things home. Now they were carrying them back downtown to be ready there the next time they needed them.—New York Sun.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.
Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.
Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUEKING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—it will be confidential.

Advice to Young Writers.

Every few days a letter comes from some young man about to dip his ankles into the chill though bracing pool of literature. "Would you mind giving me some advice?" he asks, and, flattered as we are, we always say truthfully that we have none. We are going to tell the next young man to write not to please a mythical public or, worse, an editor who is trying to please a business office that thinks it is trying to please a public, but to write to please himself, to write what he himself would enjoy reading. He may be astonished to find how many persons there are with tastes like his.—New York Tribune.

Contrariness.

Think of It—112 Inch Wheelbase!

It has the famous Overland 35 horsepower motor—
Now at the height of its development—
More than a quarter of a million in use—
Driving more automobiles than any other motor of its power ever designed.
And never before has anyone anywhere ever built so big, fine and comfortable a car to sell for anywhere near so low a price.

The wheelbase is 112 inches.
It has cantilever springs and four inch tires.
And the price is \$795.
See us at once—they are selling faster than we can get them.
